

COMPANY BENEFITS

BENEFITS OF WORKING WITH SYNERGY OUTSOURCING

- We are committed specifically to servicing the New Zealand healthcare industry.
- We employ consultants and contractors who have proven skills, commitment and passion for the industry.
- Our well established database gives us comprehensive access to the specific skills our specialist clients require.
- We are adaptable and flexible and will work to meet your needs.
- We are proactive and continually work to improve our service for your benefit.
- We look to improve your productivity and profitability.
- We look to reduce your risk.
- We can provide services that may not be currently available to you internally.
- We can help you divest your resources, allowing you to focus on areas which create competitive advantage.

Confidentiality is paramount. That's why all Synergy Outsourcing/client outsourcing contracts include intellectual property and confidentiality clauses. Even during contract negotiations each assignment is treated in the strictest confidence. All employees/contractors sign confidentiality agreements prior to beginning a contract.
